

Feature Flags

We use a library to control whether certain features are enabled.

To enable a feature, go to **Flag States**, create a new state, or edit the existing one, and fill it out like so.

✔ The flag state "EDIT_PANORAMAS is enabled when boolean is True" was added successfully. You may edit it again below.

Change flag state

EDIT_PANORAMAS is enabled when boolean is True

HISTORY

Flag:

EDIT_PANORAMAS

Condition name:

boolean

Expected value:

True

☐ Required

All conditions marked "required" must be met to enable the flag

SAVE

Save and add another

Save and continue editing

Delete

The feature will then be enabled.
