

How to View the Edit History for an Object in MeshDB

MeshDB tracks the changes to all objects from all actors. Any change via the admin panel, API, or any automated process, will trigger an entry in the History table. To view the history for an object, navigate to the edit view for that object in the [admin panel](#). In the top right, select the "History" button:

Change member

Will Nilges

HISTORY

Details

Name:

Will Nilges

Member full name in the format: "First Last"

Email

Primary email address:

[REDACTED]@gmail.com

Primary email address used to contact the member

Stripe email address:

foo@example.com

Email address used by the member to donate via Stripe, if different to their primary email

Additional email addresses:

+ Add item

Any additional email addresses associated with this member

The history page shows every time the object was changed, what fields were edited, and who made the change:

Change history: Will Nilges

Choose a date from the list below to revert to a previous version of this object.

OBJECT	DATE/TIME	COMMENT	CHANGED BY	CHANGE REASON	CHANGES
Will Nilges	Oct. 22, 2024, 12:28 a.m.	Changed	andrewd	None	▪ Stripe email address: None → foo@example.com
Will Nilges	Oct. 21, 2024, 2:46 p.m.	Changed	None	None	
Will Nilges	Oct. 21, 2024, 2:46 p.m.	Created	None	None	

Restoring an Older Object Version

To revert a change to a specific object, navigate to the history page as described above, then select the revision that you are interested in restoring by clicking the name of the object in the "Object" column:

Change history: Will Nilges

Choose a date from the list below to revert to a previous version of this object.

OBJECT	DATE/TIME	COMMENT	CHANGED BY	CHANGE REASON	CHANGES
Will Nilges	Oct. 22, 2024, 12:28 a.m.	Changed	andrewd	None	▪ Stripe email address: None → foo@example.com
Will Nilges	Oct. 21, 2024, 2:46 p.m.	Changed	None	None	
Will Nilges	Oct. 21, 2024, 2:46 p.m.	Created	None	None	

On the revision page, you can see the state of this object at the selected revision. Confirm that the fields are as expected, and then click "REVERT" to restore this version of the object

Stripe email address:

Email address used by the member to donate via Stripe, if different to their primary email

Additional email addresses:

+ Add item

Any additional email addresses associated with this member

Contact Info

Phone number:

A primary contact phone number for this member

Additional phone numbers:

+ Add item

Any additional phone numbers used by this member

Slack handle:

The member's slack handle

Misc

Notes:

A free-form text description of how to contact this member, to track any additional information. For Members imported from the spreadsheet, this starts with a formatted block of information about the import process and original spreadsheet data. However this structure can be changed by admins at any time and should not be relied on by automated systems.

REVERT

Close

For transparency, the history page reflect the change that you just made:

Change history: Will Nilges

Choose a date from the list below to revert to a previous version of this object.

OBJECT	DATE/TIME	COMMENT	CHANGED BY	CHANGE REASON	CHANGES
Will Nilges	Oct. 22, 2024, 12:44 a.m.	Changed	andrewd	None	<ul style="list-style-type: none">▪ Stripe email address: foo@example.com → None
Will Nilges	Oct. 22, 2024, 12:28 a.m.	Changed	andrewd	None	<ul style="list-style-type: none">▪ Stripe email address: None → foo@example.com
Will Nilges	Oct. 21, 2024, 2:46 p.m.	Changed	None	None	
Will Nilges	Oct. 21, 2024, 2:46 p.m.	Created	None	None
